10th Class Objective Type Question

Objective type questions are those that require a specific answer. An objective question usually has only one potential correct answer and there is no option to give your own opinion. Whereas, subjective questions may have different answers and student can write their own opinion in the answer. These questions include matching, true/false, and multiple-choice, fill-ups etc. Such questions require no special thinking and analyzing skills. You need to recall the correct answer from your memory ...
