BiesseWorks 3 is free with some functions disabled, just skip all things asked you to register or put a key there or something. To avoid installation problems turn off UAC, maybe lowest level is ok too. Also you can have issues with net framework.

Biesseworks for Rover : CNC - reddit

"QUASAR" is the top password for Biesse CNI controllers, "SERBS" is middle level, gives u 10 levels, "PROMAN" is bottom level operator password. Hope this helps u out. You could also email this guy, he is head of service and tech support for the good old USA Cesare.Magnani@biesseamerica.com

BiesseWork Cabinet password | Router Forums

BiesseWorks is a unified programming system: operator machine interface and office CAD/CAM system. The use of a single system makes it easier for operators to learn and reduces the time required for training. BiesseWorks's open architecture allows managing several machines from a single office programming station.
