Blame My Brain The Amazing

Blame my brain is just amazing. If you're interested in learning about your brain and you actually enjoy science, then this is the book for you. The author writes the information in an interesting and fun way. It taught me a lot about my brain and how it works. I would recommend it to starting teens.

Blame My Brain: The Amazing Teenage Brain Revealed by ...

Blame my Brain is a well intentioned shortish romp through the teenage mind. The strongest part of this piece is the simplification of developmental neuroscience and non-judgmental approach to adolescence. The downside is the book is a pretty brief treatise on the subject and lacks thorough analysis on the subject.

Blame My Brain: the Amazing Teenage Brain Revealed by ...

Blame My Brain was the first book in the world to show teenagers what's going on in their heads. It changed the way adults think about adolescence. It speaks directly to teenagers but parents and teachers usually grab it and devour it eagerly.
