Laboratory Manual for Anatomy and Physiology, Fourth ...

This is a lab manual for a college-level human anatomy course. Mastery of anatomy requires a fair amount of memorization and recall skills. The activities in this manual encourage students to engage with new vocabulary in many ways, including grouping key terms, matching terms to structures, recalling definitions, and written exercises.

Human Anatomy Lab Manual - Simple Book Publishing

Welcome to the human anatomy laboratory that accompanies the lecture in Biology 2325 - Human Anatomy. This lab provides you with a rare opportunity to explore anatomy using dissected human cadavers. Exploring cadavers is the true approach to learning anatomy, that is, experiencing anatomy in its three-dimensional reality.

Human Anatomy - University of Utah

4. All equipment must be put away properly at the end of the lab. 5. Clean all glassware at the end of the lab. 6. Know where the eyewash station and emergency shower are located and how and when to use them. 7. Do not eat or drink during lab. Keep all food and drink off the lab benches. 8. Clean the benches at the end of each lab. 9.
