...

Bogdan and Biklen (1998) seem to share this reservation when they explain that it is possible, and maybe even desirable to use both qualitative and quantitative methods combined, but warn that it is very difficult to maintain the integrity of each approach when completing a comprehensive qualitative study while conducting a sophisticated quantitative study.

Quantitative and Qualitative Research: A View for Clarity

Bogdan and Biklen (2007) have described essential features or characteristics of qualitative research that are stated in the text. Provide at least three of these features/characteristics. Answer: Qualitative research is naturalistic. Qualitative research is descriptive.

Bogdan and Biklen 2007 have described essential features ...

Bogdan and Biklen define qualitative data analysis as "working with data, organizing it, breaking it into manageable units, synthesizing it, searching for patterns, discovering what is important and what is to be learned, and deciding what you will tell others" (1982, p. 145).
