revisited using a growth accounting methodology based on an endogenous innovation model and the perspective of recent literature on general purpose technologies.

PRODUCTIVITY GROWTH IN THE INDUSTRIAL REVOLUTION

The Indian economy under the British Raj describes the economy of India during the years of the British Raj, from 1858 to 1947. According to historical GDP estimates by economist Angus Maddison, India's GDP during the British Raj grew in absolute terms but declined in relative share to the world.. From 1850 to 1947 India's GDP in 1990 international dollars grew from \$125.7 billion to \$213.7 ...

Economy of India under the British Raj - Wikipedia

'British Economic Growth, 1270–1870 makes a big leap forward in our understanding of the long-run performance of what became the leading nineteenth-century economy and the workshop of the world. It does so by implementing a giant quantitative enterprise, one that will make it the standard data source for studying the evolution of the British economy for decades to come.'

British Economic Growth, 1270–1870 - Cambridge Core

Let us begin by looking at the economic conditions during Victorian England from the beginning. The Time 1830s and 1840s in the Victorian era was marked by unemployment, poverty, rioting, slums in large cities and the working conditions for women and children were terrible. The Mid-Victorian Period (1848-1870) was a time of prosperity, improvement, stability and optimism.
