Chapter 5: The Textile Trade. Dave Broker. We'll never know the names of the first farmers of the Neolithic Revolution, but we do know the names of the inventors who kick-started the Industrial Revolutions. Their simple innovations gave us a new world of nearly constant, explosive economic growth and a total restructuring of society everywhere and forever.

Chapter 5: The Textile Industry – The Industrial Revolutions

The Industrial Revolution transformed economies that had been based on agriculture and handicrafts into economies based on large-scale industry, mechanized manufacturing, and the factory system. New machines, new power sources, and new ways of organizing work made existing industries more productive and efficient.
