Civic Manual Transmission Swap

Before starting a transmission swap in your Honda Civic, you must first remove all of the interior trim: seats, carpeting, the dashboard, etc. Basically, the whole interior must be stripped. Once you are finished with the interior, remove the hood. Then, you can start to disconnect and remove all the vital components.

Civic Manual Transmission Swap - yycdn.truyenyy.com

The first Civic was equipped with a manually changed hydraulically engaged two-speed transmission with a torque converter. This torque converter was nominally about 7in. and achieved a torque multiplication of c2.7 to 1. It also used the reaction arm on the stator as in the N360/N600 to increase hydraulic pressure.
