## **Communication Networks 2nd Edition Leon Garcia**

This work is designed for introductory one-semester or one-year courses in communications networks in upper-level undergraduate programmes. The Big Picture is presented with a discussion of network-based applications and services such as the WWW, e-mail and home video entertainment. The essential functions in the operation of a network are discussed, and examples are given that motivate the ...

## **Communication Networks - Alberto Leon-Garcia, Indra ...**

Over 10 years ago, Dr. Leon-Garcia wrote the epitome on computer networks, and it is still mandatory reading at the graduate level. The material within is starting to show its age. Most of it's very historical, what the modern comm systems are based on. If he ever writes a next edition, I hope he adds something about modern wifi.
