Definition. Comparative public policy is an area of interdisciplinary study which uses public policy as its major unit of analysis for comparison across different systems and institutions, usually countries or governments. It typically asks questions about how, why, and to what effect different governments pursue different or similar policies.

Comparative Public Policy | SpringerLink

Comparative politics is a field in political science characterized either by the use of the comparative method or other empirical methods to explore politics within (as opposed to between) countries. Substantively, this can include questions relating to political institutions, political behavior, conflict, and the causes and consequences of economic development.
