The FIDIC Silver Book was produced in 1999, in response to a perceived need for a form of contract 'where certainty of final price, and often of completion date, are of extreme importance'.

Article

The Silver Book represents a turnkey, fixed price, lump sum arrangement, whereby the contractor assumes the majority of key construction risks. It is recognisable to the vast majority of the international contracting community, and has thus gained a foothold as a useful template on which to base an EPC contract.
