Film Theory An Introduction Through

'Film Theory possesses a robustness to match its sophistication, and an approach that feels as though it has been road-tested. This book stands a very good chance of wide adoption in introductory film studies courses, as preparatory reading, or as a text to be worked through chapter by chapter, supplemented by close analysis of the theories at issue, and screenings of the films discussed.

Film Theory | An Introduction through the Senses

What is the relationship between cinema and spectator? That is the central question for film theory, and renowned film scholars Thomas Elsaesser and Malte Hagener use this question to guide students through all of the major film theories - from the classical period to today - in this insightful, engaging book. Every kind of cinema (and film theory) imagines an ideal spectator, and then imagines a certain relationship between the mind and body of that spectator and the screen.
