Forensic Aspects of Dissociative Identity Disorder Adah Sachs, Graeme Galton. Personality Disorder is a baffling, confusing and rather bizarre condition. Although Dissociative Identity Disorder (DID) is a formal DSM-IV diagnosis, it is still very controversial, and many professionals claim that it is extremely rare, does not exist or is fictitious.

...

According to Forensic Aspects of Dissociative Identity “The second approach involves examining the mental status of the host personality at the time of committing the offense.”

[CITATION Forensicaspect \l 1033 ] The host personality is the personality that is mostly in control. The court also looks at the mental state of the host personality.
