Summary of the HIPAA Security Rule | HHS.gov

The administrative requirements within the HIPAA Security Rule are quite clear about who has responsibility for creating a HIPAA compliance plan. Section §164.530 of the Security Rule states “A covered entity must designate a privacy official who is responsible for the development and implementation of the policies and procedures of the entity”. This not only involves the creation of a HIPAA compliance plan, but making sure that the items within the plan are implemented.
