### How To Be A Complete

There are several characteristics that must be met in order for a written thought to be considered a complete sentence. A complete sentence must: begin with a capital letter, end with a punctuation mark (period, question mark, or exclamation point), and contain at least one main clause. A main clause includes an independent subject and verb to express a complete thought.

In mathematical analysis, a metric space  $M$  is called complete (or a Cauchy space) if every Cauchy sequence of points in  $M$  has a limit that is also in  $M$  or, alternatively, if every Cauchy sequence in  $M$  converges in  $M$ . Intuitively, a space is complete if there are no "points missing" from it (inside or at the boundary). For instance, the set of rational numbers is not complete, because e.g. is ...
