About SSRN. SSRN is devoted to the rapid worldwide dissemination of research and is composed of a number of specialized research networks.

Home :: SSRN

(i) Entrepreneurship is dynamic in the sense that it adapts to the politically determined institutional framework within which it acts. Under propitious circumstances, it can be a powerful engine of growth, but it can also be channelled in unproductive and destructive directions. (ii) Entrepreneurship enters directly into the political system.

The Political Economy of Entrepreneurship: An Introduction ...

Entrepreneurship research has advanced mainly using empirical data from the developed economies of North America and Western Europe. Because emerging economies differ markedly in their institutional development from developed economies, this prior research is less likely to be useful to understand entrepreneurship in emerging regions - which are increasingly crucial components of the global economy.
