The Kanban Guide | Page 2 Purpose of the Kanban Guide This guide contains the minimum set of rules for Kanban. Any use of the word Kanban in this document specifically means the holistic set of concepts contained in this guide. By reducing Kanban to its essential components, the hope is that this guide will be a unifying reference for the community.

THE KANBAN GUIDE

Kanban is a strategy for optimizing the flow of value through a process that uses a visual, pull-based system. There may be various ways to define value, including consideration of the needs of the customer, the end-user, the organization, and the environment, for example. Kanban comprises the following three practices working in tandem: Defining and visualizing a workflow

HTML Kanban Guide – Kanban Guides

The Kanban Guide Professional Kanban is defined completely in the Kanban Guide that was created by a community of Kanban practitioners. The Kanban Guide is maintained independently of any company or vendor and therefore lives on a brand-neutral site.

The Kanban Guide - ProKanban.org

A Kanban board is a physical or digital space that visually represents work status with work items (as cards) and workflow steps (as columns).; A Kanban card represents an individual work item that needs to be completed as part of the bigger project. It might be a task, bug report, article, job candidate, job listing, or anything else that needs to pass through a process in order to be completed.
