Modernize, Train, Deploy: Army REARRMs For Russia, China ...

For nearly a decade, Russia has been engaged in an ambitious plan to modernize its military. This has yielded impressive results. The country's strategic nuclear forces were overhauled, while the army, navy and air force all now field capable and up-to-date equipment in large numbers. But how has Russia's stagnant and apparently small economy managed to support this rapid expansion of military capabilities?

Russian Defense Expenditure and Military Modernization ...

The military equipment and weapons used by the Ukrainian military to counter Russian aggression requires retrofitting and supplies of new models that are up to today's challenges, threats, and methods of warfare. Deputy Prime Minister for Strategic Industries Oleh Uruskyi shared this opinion
