If you only have a restore disc from your computer manufacturer but not an original Windows Setup disc or download, a clean install as described in the linked guides above may not be possible. Your restore disc might instead have a relatively similar process that will restore your entire PC, Windows, and programs, back to the factory default.

How to Clean Install Windows (Delete & Reinstall)

You can back up your important folders (your Desktop, Documents, and Pictures folders) on your Windows PC with OneDrive PC folder backup, so they're protected and available on other devices. If you haven't already set up OneDrive on your computer, see Sync files with OneDrive in Windows. There's no extra cost for PC folder backup (up to 5 GB of files without a subscription).
