Perform Repeat Record

Bringing together contributors from dance, theater, visual studies, and art history, Perform, Repeat, Record addresses the conundrum of how live art is positioned within history. Set apart from other art forms in that it may never be performed in precisely the same way twice, ephemeral artwork exists both at the time of its staging and long after in the memories of its spectators and their testimonies, as well as in material objects, visual media, and text, all of which offer new critical ...

There are some tasks that need to be done over and over again like reading each record of a file till its end. The loop statements

used in COBOL are − Perform Thru; Perform Until; Perform Times; Perform Varying; Perform Thru. Perform Thru is used to execute a series of paragraph by giving the first and last paragraph names in the sequence.

COBOL - Loop Statements - Tutorialspoint
Record A Macro in Excel If you have a simple set of actions that you need to repeat several times over, you can make Excel record these actions and produce a macro, containing the code to repeat them. Once you have recorded the macro, you can repeat the set of actions as many times as you like, by simply running the recorded macro.
