...

How to use capitals when you write PhD after name You must write 'P' as capital and 'D' as capital letters. Though there is no strict rule on how to use capital and small letters, many of them do this way. Both letters which I have just mentioned must be written in Capital because those letters are the heart of the abbreviation Ph.D.

Write In First Person. Writing your summary in third person is a quaint form of deception which will raise eyebrows and make you seem fake on LinkedIn. So write it in first person please. If you can, don't start every para with "I", hard to do (see above). You could simply delete "I am" or "I have" and the sentence would still work.

A PhD or master's degree by research can take two to four years of full-time study to complete. It might be helpful to offer year one in detail and the following years in broader terms. Ultimately you have to show that your research is likely to be both original and finished - and that you understand the time involved.

A graduate student resume is a type of resume that you create when applying to master's degree programs. Masters student resumes differ from CVs in that they are much more condensed and typically only one to two pages in length, whereas a CV for a graduate or Ph.D. student can exceed those limitations in both page length and details of experiences.
