#### Press Kit Evs

The EVS kit turns your 120v AC vacuum pump into an auto-cycling vacuum press for veneering. The adjustable vacuum controller powers your vacuum pump only when a vacuum drop is detected. The standard system is adjustable from 10.5" to 28" of Hg. An alternate vacuum controller for low vacuum applications is available here.

#### Project: EVS™ Vacuum Press Kit for Electric Vacuum Pumps

The Project: EVS system is very easy to build and only requires a minimal understanding of the basic components and the purposes they serve. 1. Vacuum Pump: This is the heart of the system. It removes air from the vacuum bag allowing the atmosphere to exert pressure which results in a clamping effect upon the veneered panel. 2.
