commitment to a strategic vision from senior management. Its scope is vast and crosses multiple business...

### **Process Innovation: Reengineering Work Through Information ...**

A colleague gave me this book after a business training session in June 2000. Although the title was intriguing, the book did not live up to its promise. The true focus of the book is the question of Process Innovation. Information technology is treated as a tool to help the innovation process. There is only one chapter specifically devoted to IT.

### **Process Innovation: Reengineering Work Through Information ...**

Simply formulating strategy is no longer sufficient; we must also design the processes to implement it effectively. The key to change is process innovation, a revolutionary new approach that fuses information technology and human resource management to improve business performance. The cornerstone to process innovation's dramatic results is information technology--a largely untapped resource, but a crucial "enabler" of process innovation.

Leaders in companies can improve their competitive advantage through process innovations and benefit from the efficiencies and savings gained through process improvements.

## **Amazon.com: Customer reviews: Process Innovation ...**

The concept of business process orientation (BPO) is based upon the work of Deming (Walton, 1996), Porter (1985), Davenport and Short (1990), Hammer (1993, 1996 and 1999), Grover et al. (1995), and Coombs and Hull (1996). This body of work suggests that firms could enhance their overall performance by adopting a “process view” of the organization.
