It is your entirely own time to fake reviewing habit. in the midst of guides you could enjoy now is **realms of the human unconscious observations from** below.

Just like with library books, when you check out an eBook from OverDrive it'll only be loaned to you for a few weeks before being automatically taken off your Kindle. You can also borrow books through their mobile app called Libby.

### Realms Of The Human Unconscious

Realms of the Human Unconscious indicates that the human mind is not only our most powerful asset but also our most underused asset as we rarely develop it. Perhaps consciousness is like a radio station we've tuned into for the time being, by modifying the receptors in our brains we can temporarily turn the dial on the radio hardware, allowing us to pick up a different signal.

*Realms of the Human Unconscious* was first published by The Viking Press ©1975 by Stanislav Grof and Joan Halifax Grof This volume is the first of a series of books in which I plan to summarize and condense in a systematic and comprehensive way my observations and experiences during seventeen years of research with LSD and other psychedelic drugs.

### **Realms of the Human Unconscious - Preface**

The four major levels of the LSD experience, he argues, corresponds to areas of the human unconscious: (1) Abstract and aesthetic experiences (2) Psychodynamic experiences (3) Perinatal experiences, and (4) Transpersonal experiences. Abstract and aesthetic experiences: These experiences are very sensual and include; entoptic phenomena (visions from within the eye) and after images, with geometric or architectural patterns.

However you may regard Freud, his focus was exclusively within the realm of the personal unconscious; for Otto Rank, around the impact of birth trauma on the development of the personality, and with C.G. Jung, the recognition that the personal unconscious depends on 'systems and structures' of an organic nature that seem to stretch all the way back to the primordial 'slime time' and pre-date the formation of a personal unconscious; a Universal sub-stratum, as it were.
