What is "good" hotel design? - Find and share research

The four main themes identified by Otto Riewoldt in his book "New Hotel Design" are: Ascetic modernism. Nostalgic opulence. Extravagant fantasy. Exotic exclusivity. Based on these themes, individual and chain hotels have tweaked their design strategies to enhance their brand value and recognition in the global marketplace.

The effects of the new trend in hotel design

Before developers and designers can successfully design a full-service hotel, they must have a strong grounding in foundational concepts relevant to the hospitality industry. These include market segmentation, hotel types and classifications, hotel branding, and the players involved in a typical hotel project.
