(PDF) Niklas Luhmann'S theory of social systems and ...

In Law as a Social System, Luhmann proposes to provide a (relatively) complete description of the law based on systems theory and consequently conceived as a subsystem of the larger social system. The complexity of Luhmann's case in many ways demands a map as large as the territory to be covered, but as Luhmann himself admits, such is impractical.

- Findings: When using Luhmann's systems theory social work will be reduced to an instrumental process. It implies that neither ethical nor moral arguments from outside will be able to influence the work. However, a citizen-oriented social service has to be attentive to the difficulties confronting individuals in their daily life.

Luhmann's system theory in social work: Criticism and ...

The key element of systems theory is the concept of functionally differentiated society, that is, a heterarchical arrangement of social systems such as the economy, polity, religion, science. Luhmann's theory connects core ideas from both realist and constructionist epistemologies without ending up in inconsistencies or contradictions.

Social Systems - Niklas Luhmann - Google Books

Abstract. Between 1984 and his death in 1998, German sociologist Niklas Luhmann developed a comprehensive theory of what he called autopoietic or self-referential systems. He worked out this approach both at the level of a social system as a whole and at the level of various social subsystems, such as state, economy, science, religion, education, art, family, and — the concern of the present ...

Niklas Luhmann's Theory of Autopoietic Legal Systems by ...

12 quotes from Niklas Luhmann: 'Humans cannot communicate; not even their brains can communicate; not even their conscious minds can communicate. Only communication can communicate.', 'In the twentieth century, one encounters artworks that seek to cancel the difference between a real and an imagined reality by presenting themselves in ways that make them indistinguishable from real objects.'
