Souk Al-Manakh stock market crash: Aug 1982: Black Monday: 19 Oct 1987: Infamous stock market crash that represented the greatest one-day percentage decline in U.S. stock market history, culminating in a bear market after a more than 20% plunge in the S&P 500 and Dow Jones Industrial Average. Among the primary causes of the chaos were program ...

List of stock market crashes and bear markets - Wikipedia

This book presents studies of stock market crashes big and small that occur from bubbles bursting or other reasons. By a bubble we mean that prices are rising just because they are rising and that prices exceed fundamental values. A bubble can be a large rise in prices followed by a steep fall. The focus is on determining if a bubble actually exists, on models to predict stock market declines in bubble-like markets and exit strategies from these bubble-like markets.
