Better Tests May Not Mean Better Teaching . However, a 2017 study found that better tests do not always equate to better teaching. While David Blazar, assistant professor of education policy and economics at the University of Maryland, and Cynthia Pollard, a doctoral student at the Harvard Graduate School of Education, agree with Hansen that worries of teaching to the test may be overstated, they dispute the argument that better tests elevate test preparation to ambitious teaching.

One-on-one coaching is the best kind of professional development. Not only did my experience with Better Lesson help me adopt more blended learning practices in my classroom but it truly helped me become a better teacher. Through our conversations, I always felt comfortable asking my coach questions, advice, feedback without ever feeling judged.

Research suggests that schools that narrow their curricula to focus on test prep do not generally improve students' test performance. That is, too many American schools are actually misreading their situation: the best way to help students do better on standardized math and reading assessments might well be to spend less time teaching these ...

This School Didn't Teach to the Test—And Scored Better

As teachers, our whole career is about providing the best education for students that we can. One of the most effective ways to accomplish this goal is by becoming the best teacher (and, more generally, person) you can be. Here are six ways to become a better teacher to make sure your students succeed. 1) Take Care of Yourself
