The Bitcoin Standard attempts to make the case that Bitcoin is a digital form of money that can provide a viable alternative to central bank fiat currencies. The first four of the book's 10 ...

The Bitcoin Standard: The Decentralized Alternative to ...

The author of The Bitcoin Standard points out that something like 1/3 of the amount of silver in circulation is mined each year. There is a similar amount used up in industrial processes so we don't end up with an over abundance, but, he points out, if that much of a commodity is created each year then it's not a good store of wealth.
