### The Future of the Past by Alexander Stille

Future in the past is used to express the idea that in the past you thought something would happen in the future. It does not matter if you are correct or not. Future in the past follows the same basic rules as the simple future. "Would" is used to volunteer or promise, and "was going to" is used to plan.

Theaters have been bursting with announcements of future shows during a week that would normally be one of the busiest of the theater season. Thanksgiving on Thursday may be reduced this year for many of us to what we can watch on screens, but that happens to be a lot — and there is much reason for theater lovers to be grateful, both in celebrations of the past and contemplation of the future.
