In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.

The Last Hours Of Ancient

The inspiration for Leonardo DiCaprio's web movie *Global Warning*, *The Last Hours of Ancient Sunlight* details what is happening to our planet, the reasons for our culture's blind behavior, and how we can fix the problem. Thom Hartmann's comprehensive book, originally published in 1998, has become one of the fundamental handbooks of the environmental activist movement.

The Last Hours of Ancient Sunlight: Revised and Updated

...

Thom Hartmann's "The Last Hours of Ancient Sunlight" is the most comprehensive book I have ever read on the history of our planet's ecology and spirituality. Writing of both his personal experiences with indigenous cultures as well as his extensive research, he compares our "younger culture" of materialistic consumerism to the ecologically and spiritually healthy "older culture."

Amazon.com: The Last Hours of Ancient Sunlight: Waking Up ...

In The Last Hours of Ancient Sunlight Thom Hartmann synthesizes the work of some of my favorite writers and scholars into this culmination of their most profound ideas about the fate of the human race. Hartmann points his audience in a new direction, towards a better future and a more hopeful one than the self-destructive highway to hell we've been rushing on since the dawn of the Industrial Revolution (perhaps since the Agricultural Revolution).

The Last Hours of Ancient Sunlight: The Fate of the World

...

The inspiration for Leonardo DiCaprio's feature documentary movie The Eleventh Hour and soon to be released HBO special Ice on Fire, Last Hours of Ancient Sunlight details what is happening to our planet, the reasons for our culture's blind behavior, and how we can fix the problem. Thom Hartmann's comprehensive book is one of the fundamental handbooks of the environmental activist movement.

The Last Hours of Ancient Sunlight: Revised and Updated

...

Last Hours of Ancient Sunlight is an impressive, comprehensive collection of history and data of man's relationship with earth. It is terrifying, heart-breaking, infuriating, but most importantly; informative and inspiring. It may be our last hope to save the planet and the future of mankind. Study this material like your life depends on it.

The Last Hours of Ancient Sunlight : Waking Up to Personal ...

I'm 77 years old and I have read thousands of books in my life-time and I believe that "The Last Hours of Ancient Sunlight" is one of the most informative and interesting books that I have ever read. I could not put it down. I learned so much about trees, earth science and how tribal people have lived with and thought about nature.

Amazon.com: Customer reviews: The Last Hours of Ancient ...

The title of Hartmann's book, "Ancient Sunlight," refers, of course, to fossil fuels, and the "Last Hours" refers to the fact that we will soon exhaust this source of energy. Hartmann observes that human population began to grow to today's extreme size when mankind began to tap the energy of fossil fuel, about 1650.

On Thom Hartmann and The Last Hours of Ancient Sunlight

Hartmann is a writer, publishing more than twenty books on diverse topics. The title with the most critical acclaim is The Last Hours of Ancient Sunlight. In 1999, he was invited by the Dalai Lama to spend a week in Dharamsala after the Dalai Lama finished reading this book. Hartmann won the Project Censored Award in 2004 for Unequal Protection.

Thom Hartmann - Wikipedia

The Last Hours of Ancient Sunlight. By Thom Hartmann A... While it seems that things are collapsing all around us -- and on many fronts they are (global warming, humans messing with genes, virulent diseases, the end of cheap oil, water shortages, global famine, wars, etc.) - it's also possible for us to do something about it and create a world that will work for our children's children.
