The Lunar Men The Friends

Lunar Men, an inside documentary on the dynamics between the engineers of the Industrial Revolution, chronicles the people, places, and ideas that staged the platform for the eventual publication of The Origin of Species in 1859. Since this extensively referenced book reads like a sophisticated encyclopedia, the reading is somewhat challenging.

Lunar meetings were continued by the younger generation of the families of earlier Lunar members, including Gregory Watt, Matthew Robinson Boulton, Thomas Wedgwood and James Watt junior, and possibly Samuel Tertius Galton.

Lunar Society of Birmingham - Wikipedia

They also helped kick-start the industrial revolution, as Jenny Uglow relates in the lively *The Lunar Men: Five Friends Whose Curiosity Changed the World*. Their "Lunar Society" included Joseph Pr. In the late 1700s, five gifted inventors and amateur scholars in Birmingham, England, came together for what one of them, Erasmus Darwin, called "a little philosophical laughing."

The Lunar Men by Jenny Uglow - Goodreads

The original Lunar Men gathered together for lively dinner conversations, the journey back from their Birmingham meeting place lit by the full moon. They were led by the larger-than-life physician Erasmus Darwin, a man of extraordinary intellectual insight with his own pioneering ideas on evolution.

Lunar Men: An Introduction

In the late 1700s, five gifted inventors and amateur scholars in Birmingham, England, came together for what one of them, Erasmus Darwin, called "a little philosophical laughing." They also helped kick-start the industrial revolution, as Jenny Uglow relates in the lively *The Lunar Men: Five Friends Whose Curiosity Changed the World*.

Reviews: The Lunar Men: The Friends Who Made the Future by ...

Jenny Uglow's *The Lunar Men* is a vivid and swarming group portrait that brings to life the friendships, political passions, love affairs, and love of knowledge (and power) that drove these extraordinary men. It echoes the thud of pistons and the wheeze and snort of engines, and brings to life the tradesmen, artisans, and tycoons who shaped and fired the modern age.
